

LETTER OF INTENT TO COLLABORATE

Between

BOARD OF REGENTS OF THE UNIVERSITY SYSTEM OF GEORGIA

by and on behalf of

GEORGIA STATE UNIVERSITY AND ITS AND ITS COLLEGE OF ARTS AND SCIENCES ("GEORGIA STATE")

ATLANTA, U.S.A.

AND

NORTHWEST NORMAL UNIVERSITY AND ITS COLLEGE OF CHEMISTRY AND CHEMICAL

ENGINEERING ("NWN")

LANZHOU, P.R. CHINA

In furtherance of mutual goals to foster international education, officials from the above-named institutions hereby express their intent to collaborate.

Based on discussions held at end of the 2018 spring semester between Dr. Danzhu Wang of Georgia State's Department of Chemistry) and Dr. Pengfei Song at NWN's Department of Chemistry), the two universities have identified the following areas of common educational interests: a study abroad program; an educational cooperation program including the possible establishment of joint courses; exchange and visits by undergraduate and graduate students; engagement and exchange of non-teaching and post-graduate fellows and, junior and senior faculty members; coordination of and/or participation in joint conferences and academic programs, and joint research activities and publications.

Note: Georgia State's Travel Advisory Policy governs international travel by Georgia State students, faculty and staff. Travel must be approved by specified Georgia State administrators.

Specific details for implementing the above collaborations will be developed mutually and reflected in agreements to be negotiated and signed by authorized individuals from each institution. This letter shall not constitute a binding agreement and is expressly contingent upon execution of a Memorandum of Cooperation (MOC) and/or a Program-Specific Agreement (PSA) by and between the Board of Regents of the University System of Georgia by and on behalf of Georgia State University and Northwest Normal University.

Board of Regents of the University System of Georgia by and on behalf of Georgia State University and its College of Arts and Sciences

Northwest Normal University and its College of Chemistry and Chemical Engineering
