Furtherance to the longstanding and fruitful relationship struck in 2005, the Board of Regents of the University System of Georgia by and on behalf of Georgia State University and its College of Arts & Sciences, Atlanta, Georgia, United States of America ( "Georgia State") and Hanyang University, Seoul, Korea (“Hanyang”) agree to renew their student exchange in accordance with the terms and conditions set forth in this agreement ( "Agreement"). Georgia State and Hanyang hereby agree as follows:

1. Description of Program

This agreement (“Agreement”) is established to facilitate a student exchange program at the partner institution (“Exchange Program”). The program enables students working towards a degree at one institution to take classes at the other institution.

- [X] Non-Degree Program
- [ ] Joint Degree Program
- [ ] Dual Degree Program
- [ ] Articulation Program
- [ ] Certificate Program
- [ ] Other, please specify ____________________________

For purposes of this Agreement, the term “Home University” shall mean the institution in which a student is formally enrolled as a degree candidate, and “Host University” shall mean the institution that has agreed to receive students from the Home University for a period of study.
2. Term and Academic Years

This agreement becomes effective on the date it is duly signed by representatives of both institutions. The term of the Agreement shall commence on the effective date and shall be in effect for five (5) years, unless earlier terminated by either party pursuant to Paragraph 14 below. The agreement is renewable for additional five-year terms upon the advance written agreement of both parties. The academic year at Georgia State consists of two regular semesters: the Fall semester begins in August and runs through December, and the Spring semester begins in January and runs through May. In addition, there is a summer semester and an abbreviated Maymester. Students from Hanyang taking classes at Georgia State will be allowed to participate during any terms of one academic year. The academic year at Hanyang consists of two terms, the first of which runs from September to December and the second of which runs from March to June. There is also a summer term. Students from Georgia State taking classes at Hanyang will be allowed to participate during any terms of one academic year.

3. Number of Students

Starting in fall 2013 and continuing for each year during the term of this Agreement, the two institutions will exchange undergraduate students on a one-for-one basis. The exchange will be measured according to the following formula: one full-time semester student at Georgia State equals one full-time semester student at Hanyang. A maximum of two students will be sent to each institution. These maximum numbers may be amended in writing by both parties.

Both parties will endeavor to maintain an evenly balanced exchange during the term of this Agreement. However, if conditions exist which render such equity impossible during a particular semester, such imbalance shall be corrected in the immediate subsequent semester to restore balance. In no event shall an imbalance in the exchange be carried forward beyond one semester. The exchange balance will be monitored throughout the term of this Agreement by both institutions. Either party to this Agreement may refuse admission to the additional incoming students until the exchange balance is restored.

4. Units Involved in the Student Exchange

Participants in the program will be drawn from any undergraduate program at Georgia State and Hanyang at the discretion of both parties. Exchange students enrolled at Georgia State will normally take coursework in the College of Arts & Sciences. Exchange students enrolled at Hanyang may take Asian studies courses taught in English, Korean language courses, courses taught in English at the Graduate School of International Studies and the Department of International Studies, and regular university courses taught in Korean if the student has a working knowledge of the Korean language.

5. Requirements for Participation

Students who wish to participate in the Exchange Program will be screened for eligibility for admission by the Home University, which shall respect the admission requirements and enrollment constraints of the Host University. Students will be required to comply with the standard rules, regulations, and enrollment restrictions of the Host University in the selection of courses, including requirements of language proficiency, and health documentation. Hanyang students must submit immunization documentation, including but not limited to Measles, Mumps and Rubella or MMR, Tetanus, Diphtheria, Varicella, Hepatitis B) for enrollment. Georgia State students will submit any required Hanyang health documentation.
Students will be selected on the basis of academic performance, seriousness of interest in the study proposed, language proficiency, and capacity to adapt to cross-cultural situations.

Each student selected to participate in this program will submit to the host institution’s program director an official college transcript, a recommendation letter by the home institution faculty or advisor, and anticipated course of study.

Students must be proficient in the language of instruction for courses being taken at the Host University in order to participate. At Georgia State, the language of instruction is English, and at Hanyang the languages of instruction are Korean and English. Students from Hanyang will be required to submit a minimum TOEFL CBT score of 250 and a score of 5 on the TOEFL essay or a minimum composite TOEFL iBT score of 80, with a Writing score of at least 22 but will not be required to submit a score for the Test of Spoken English (TSE)). Students from Georgia State will not be required to demonstrate language proficiency. These language requirements apply only to the students and not to their spouses and dependents. Each Host University shall have final authority over decisions regarding admission of students to its courses.

6. **Academic Counseling, Credits and Reports**

The school, department or unit involved in this Agreement at each Home University will provide academic counseling to its own students to ensure that the courses taken at the Host University are acceptable with respect to its own degree programs. The Host University will supply the Home University with course descriptions and other pertinent materials to assist in determining course equivalency. Students will carry a normal load of classes appropriate to full-time status. Exchange students will register for and take a normal load of classes appropriate to full-time status each semester.

The exchange students must pursue the approved course of study for the agreed period. Course work undertaken by visiting students should be recognized as contributing to degree requirements at the Home University, but this remains at the discretion of the Home University. Georgia State students will receive institutional credits under this Agreement. At the end of each semester or academic term, students will follow appropriate procedures at the Host University to ensure academic records/transcript from the Host University are sent to the Home University.

7. **Student Responsibilities and Expenses**

Unless otherwise indicated in an appendix hereto, students in this Exchange Program will be responsible for the following:

1. Payment of all student fees and tuition to the Home University;
2. With the assistance of the Host University, obtaining the proper visas and other documents required by the government of the Host University, including any guaranty that they have the financial resources to meet all expenses;

5. Abiding by the same regulations and performance standards that pertain to other students at the Host University;
6. Submitting any health or immunization records required by Host University.
8. Visa Requirements

Each Host University will provide the necessary documentation (e.g., official letters of admission, immigration documents) for exchange students to obtain a visa to enter and study in the host country. This documentation enables the Home University to sponsor the students as part of this Agreement but does not commit the institution to any financial sponsorship. In order to produce this documentation, they will rely on the Home University communicating student information four to five months before the start of the Exchange Program. The Host University will update the Home University annually regarding the data and documentation required. It is each student’s responsibility to obtain the appropriate visa, as required by the host country. Exchange students coming to GSU are required to obtain a J1 visa, and therefore must provide documentation of sufficient financial resources needed to study in the U.S. Forms and detailed information about this process will be provided by GSU’s International Student & Scholar Services.

GSU students who are American citizens must possess a valid U.S. passport and obtain a visa to enter Korea. All GSU students who do not possess a U.S. Passport (including US lawful permanent residents and other foreign nationals who study at Georgia State on an F-1 or J-1 visa) must follow the process for proper entry clearance required by Korea for citizens of their home country. International students may be required to provide evidence of sufficient financial resources as determined by host country.

9. Insurance Requirements

Personal health, hospitalization and accident insurance, including a repatriation & medical evacuation plan, as well as liability coverage, is required for all students participating in this Exchange Program. Students who already have insurance must submit proof of such coverage to the Host University for approval before departing from their home countries. The Host University will assist students in identifying available insurance options designed for international students, if necessary. Students from Hanyang who do not have appropriate insurance must obtain Georgia State’s international students’ insurance policy. Students from Georgia State must obtain Georgia State’s study abroad insurance coverage.

10. Housing

The Host University may offer advice to exchange students regarding accommodations, but it is the responsibility of the students themselves to making living arrangements in the host country.

11. Employment

This agreement allows employment of Hanyang and Georgia State students in the host country, as long as all student visa regulations are followed.

12. Compliance with Rules and Regulations

Exchange students will be subject to the rules and regulations of the Host University, and the laws and procedures of the state or canton in which the institution is located. The Host University will assume no responsibility for a student’s conduct or lack of compliance with any of the host country’s laws. Each institution reserves the right to dismiss any exchange student at any time for academic or personal
misconduct in violation of established regulations provided, however that the Host University will, absent extenuating circumstances, attempt to consult with the Home University before implementing such action. The dismissal of a student shall not abrogate this Agreement, or arrangements regarding other students.

13. Research

To the extent allowable by law, the parties may engage in joint research, conference participation, publication of research results and other research-related activity. The parties understand and agree that national laws regulating the export of technologies may prohibit participation by exchange students on specific research projects in the host country. The parties further understand and agree to secure all University and other required approvals prior to conducting research activities and to abide by all policies and procedures governing such activities.

If exchange students participate in research funded by a third party sponsor, the parties agree that such research activities will abide by the terms of the sponsorship agreement. If exchange students receive third party confidential information for research purposes that was provided under a written nondisclosure or confidential disclosure agreement, the parties agree that the exchange students will be bound by the confidentiality and nondisclosure terms of such agreement. Exchange students pledge to disclose any intellectual property developed as a result of joint research to both the Host and Home Universities unless such disclosure is unlawful under the law of the Host University’s country.

14. Modification, Termination, Renewal of Agreement

This Agreement may be modified, revised, or renewed but only upon the mutual consent of the parties in writing. Either party may terminate this Agreement by written notice submitted at least 90 days in advance of the next academic semester. Termination will not affect existing or approved students in the Exchange Program. Unless renewed by mutual written consent, this Agreement will conclude at the end of the specified academic term or year as defined in section 2 above.
